

MAIN SECTION ICONS WELDING CONSUMABLES

TOOLBAR ICONS WELDING CONSUMABLES SECTION

Alternating Current	Direct Current negative or positive	Direct Current electrode negative	Requires no gas shielding Requires gas shielding Thermal conductivity Melting point
Direct Current	Alternating or Direct Current electrode positive	Open Current Voltage	
Alternating and Direct Current	Alternating or Direct Current electrode negative	Open Circuit Voltage rating	
Alternating or Direct Current	Direct Current electrode positive	Weld Metal hardness	

MAIN SECTION ICONS SAFETY EQUIPMENT

TOOLBAR ICONS SAFETY EQUIPMENT

Australian Standards Mark (as indicated)	Eye protection	Hearing protection
Respiratory protection	Face protection	DIN plus Certification (European Standard)
General information
